

### OPTIONS TO ATTRACT AND RETAIN KEY STAFF

NO	OPTION	PROS	CONS	COMPLEXITY	SUITABLE FOR	TAX	ADVISORY COSTS
1.	Increase salary/ benefits	<ul style="list-style-type: none"> <li>Traditional approach.</li> <li>Simple.</li> <li>No compliance/ legal costs.</li> <li>No FMCA (Financial Markets Conduct Act) requirements.</li> </ul>	<ul style="list-style-type: none"> <li>Competitor can always offer more.</li> <li>Impact on working capital.</li> <li>No “buy in” by the employee.</li> <li>No incentive to meet targets.</li> <li>Typically, a re-negotiation each year.</li> <li>Often ad-hoc (and favours the squeaky wheel).</li> </ul>	Low	All businesses	<ul style="list-style-type: none"> <li>Nil tax for the company, but PAYE deductions required.</li> <li>Salaries are a deductible expense.</li> <li>FBT may apply to certain benefits (e.g. motor vehicles).</li> <li>PAYE for the employee</li> </ul>	None.
2.	Formal, documented employee bonus or commission scheme	<ul style="list-style-type: none"> <li>As above.</li> <li>Minor legal costs.</li> <li>Bonus scheme can be discretionary or based on performance targets.</li> <li>May be varied each year if properly documented.</li> <li>No FMCA requirements.</li> </ul>	<ul style="list-style-type: none"> <li>As above.</li> <li>Requires administration, tracking and calculation of target metrics.</li> <li>Focus on short term objectives (making the sale).</li> <li>May create the wrong behaviours.</li> <li>May not always be appropriate for “relationship” businesses (on-going, support and service).</li> </ul>	Low/Medium	Most businesses, but particularly businesses driven by new sales.	<ul style="list-style-type: none"> <li>Nil tax for the company, but PAYE deductions required.</li> <li>Bonuses are taxed depending on their type and frequency.</li> <li>Frequent and regular bonuses treated as part of earnings and have PAYE deducted.</li> <li>Annual bonus treated as a lump sum payment with specific PAYE calculation.</li> </ul>	<p>\$</p> <p>Small cost may be involved in drafting bonus scheme and variations to employment agreement and policies.</p>
3.	Direct shareholding	<ul style="list-style-type: none"> <li>Sale price may provide cash to shareholders or company (depending on structure).</li> <li>Provides “buy in” by the employee/ focus on longer term objectives.</li> <li>No negative impact on working capital (and may improve if share price paid to the company).</li> <li>Provides options for exit, succession and transition to increased ownership.</li> <li>Control issues may be mitigated by structure – e.g. shares may be issued as “B” shares or limited veto rights.</li> </ul>	<ul style="list-style-type: none"> <li>Increased cost and complexity.</li> <li>Reduces founder’s control and equity.</li> <li>Gives minorities influence.</li> <li>Price often loan funded (with security risk) or paid off by dividends.</li> <li>May require a valuation of the company to establish entry price.</li> <li>Requires more complex legal documentation (sale or subscription agreement and shareholders agreement).</li> <li>Need to consider:</li> </ul>	High	Businesses with key management team, who want direct ownership (and some control), rather than passive investment. Typically, participants part of the succession plan.	<ul style="list-style-type: none"> <li>Low tax impact for the company if properly structured.</li> <li>No capital gains tax for the employee.</li> </ul>	<p>\$\$\$</p> <p>Needs share sale or subscription agreement and well thought out shareholders agreement. May require entry valuation.</p>

NO	OPTION	PROS	CONS	COMPLEXITY	SUITABLE FOR	TAX	ADVISORY COSTS
			<ul style="list-style-type: none"> <li>○ tags and drags.</li> <li>○ good leaver/ bad leaver events.</li> <li>○ negative control.</li> <li>○ Minority buy-out rights.</li> <li>● Permanent. Not easy to remove employee shareholder unless good leaver/ bad leaver provisions included.</li> <li>● FMCA requirements must be considered.</li> </ul>				
4.	Employee share scheme – loan scheme	<ul style="list-style-type: none"> <li>● Employee funded into equity ownership with loan.</li> <li>● Provides “buy in” by the employee/ focus on longer term objectives.</li> <li>● Loan often low/no interest.</li> <li>● Repayment normally funded by: <ul style="list-style-type: none"> <li>○ cash contributions.</li> <li>○ dividends and bonuses</li> <li>○ exit or liquidity event</li> </ul> </li> <li>● No negative impact on working capital.</li> <li>● Payments may provide working capital to company.</li> <li>● Control issues may be managed by use of custodian structure.</li> <li>● “Overstayer” issues may be managed by good leaver/ bad leaver provisions.</li> <li>● Can use trust structures to mitigate the control and exit issues.</li> </ul>	<ul style="list-style-type: none"> <li>● As above.</li> <li>● Requires a valuation of the company to establish entry price.</li> <li>● Loan must be full recourse in order for it to not be taxable.</li> <li>● Employee bears risk that share value less on exit than entry (with outstanding loan liability).</li> <li>● Shares often vest day 1 (before loan repaid). May be managed by good leaver/ bad leaver provisions (failure to stay [x] years deems the employee a bad leaver).</li> <li>● Need to consider: <ul style="list-style-type: none"> <li>○ tags and drags.</li> <li>○ good leaver/ bad leaver events.</li> <li>○ negative control.</li> </ul> </li> <li>● Minority buy-out rights</li> <li>● Permanent, and not easy to remove employee shareholder unless good leaver/ bad leaver provisions included.</li> <li>● FMCA requirements must be considered.</li> <li>● If trusts are used, this adds to complexity.</li> </ul>	High, especially if good leaver bad/ leaver provisions included and trusts are used	Often more of a passive investment. Suit businesses with multiple key employees who: <ul style="list-style-type: none"> <li>● the business wishes to retain;</li> <li>● do not want “control”; but</li> <li>● are not seen as “successors”.</li> </ul>	<ul style="list-style-type: none"> <li>● Low tax impact for the company if properly structured (but need to be mindful of FBT on the loan).</li> <li>● Employees may pay tax on value uplift on exit depending on how structured.</li> </ul>	<p>\$\$\$</p> <p>Needs subscription and loan agreement, custodian deed, shareholders agreement.</p> <p>Entry valuation required.</p>

NO	OPTION	PROS	CONS	COMPLEXITY	SUITABLE FOR	TAX	ADVISORY COSTS
5.	Employee share scheme – option scheme	<ul style="list-style-type: none"> <li>Provides option for employees to buy shares at a specified strike price.</li> <li>Provides “buy in” by the employee/ focus on longer term objectives.</li> <li>Strike price should be the market price at the date of grant of the option.</li> <li>Entry valuation often needed, but no exit valuation needed.</li> <li>No negative impact on working capital.</li> <li>Options usually vest: <ul style="list-style-type: none"> <li>Annually (incentivising employees to stay); and/or</li> <li>on KPIs achievement.</li> </ul> </li> <li>Options lapse if not achieved or exercised.</li> <li>Options often automatically vest on liquidity event (and often can be cash settled on liquidity event).</li> <li>Typically, options not transferrable with no right to dividends and no pre-emptive rights.</li> <li>Fewer control issues, as most options remain outstanding until liquidity event.</li> <li>No tax unless exercised.</li> <li>Options can lapse in bad leaver situations</li> <li>Employee can never lose money if the options remain unexercised.</li> </ul>	<ul style="list-style-type: none"> <li>Often requires valuation to establish strike price.</li> <li>Requires more complex legal documentation (option deed and shareholders agreement).</li> <li>FMCA requirements must be considered.</li> <li>Full marginal tax applies for the employee on gain.</li> </ul>	Medium	Often used in start-ups/ high growth businesses focussed on reducing working capital and on ultimate exit event.	<ul style="list-style-type: none"> <li>Low tax impact for the company if properly structured.</li> <li>The employee will be taxed on the difference between the strike price and the market value of the share on the date the option is exercised.</li> </ul>	<p>\$\$</p> <p>Needs option deed and shareholders agreement. Requires entry valuation.</p>
